

Auburn School Department Commitment To Learning Results

The Auburn School Committee hereby adopts the system of learning results and the Maine Department of Education's applicable rules. The learning results system is intended to serve as a foundation for education reform and to promote and provide assessment of student learning, accountability and equity. The Committee recognizes that the legislative intent of the learning results system is to provide children with schools that reflect high expectations and create conditions where these expectations can be met.

The Committee understands that implementation of the learning results system and the mandate to provide all students with equitable opportunities to meet the content standards of the system of Learning Results has broad implications for the school unit, including curriculum, budget, professional development, student assessment, professional evaluation, and graduation requirements. Therefore, the School Committee is committed to examining its policies and school system practices to ensure that they are consistent with the intent and goals of the learning results system. This will require a concerted and coordinated effort involving the Committee, the Superintendent, administrators, teachers, parents, students, and the community.
